

The Force Experience “The Vader Takes Over”

***** Empire - Type music for 5 Sic. to allow the Empire to get on stage *****

Empire: Welcome, recruits I have been expecting you. My name is Darth Sidous also known as Empire Palpatin and this is your first day as citizens of the Galitc Empire. Some of you might be thinking, I didn't sign up for this!" Well, that's ok. I didn't ask you. **(Evil Laugh)** You should be honored that your pitiful little planet is part of my Empire, it is now under my protection which is why we need "volunteers" such as yourselves. My apprentice will begin your training shortly and will be landing at any moment.

***** Sound effects of ship flying overhead, landing, and door opening.
Ominous Sith-type music *****

Empire: Good. He's arrived.

***** Darth Vader Breath and Vader - Type music for 5 Sic.
to allow the Vader to get on stage *****

Darth Vader: (Darth Vader Breath) What is thy bidding me master. **(Darth Vader Breath)**

Empire: I leave there training in your capable hands my friend.

Darth Vader: (Darth Vader Breath) As you wish. **(Darth Vader Breath)**

Empire: Good... **(Evil Laugh)**

***** Empire - Type music for 5 Sic. to allow the Empire to get off stage *****

Darth Vader: (Darth Vader Breath) Attention recruits! As you've already been informed, you are all now part of the Empire. And I will begin your training in the ways of the Force, as well as a lightsaber. Everyone knows that blaster fire can be unpredictable,

especially if you're a stormtrooper. I will teach you how to use a lightsaber, which is much more elegant. But first... Let's start at the beginning. A Force-push. You have the ability to focus the energy inside you and push your opponents away. Like so!

***** Sound effects of a Force Push *****

Darth Vader: (Darth Vader Breath) I've demonstrated a Force-push. Now, it's YOUR turn! On the count of three, focus your energy and PUSH. 1... 2... 3! PUSH.

How pathetic. I thought this planet had something more desirable. Do it again. 1... 2... 3! PUSH. **(Sound Effect of Small Force-Push)**

Better... Reach out with your feelings and focus your energy, and 1... 2... 3. PUSH! **(Sound Effect of Large Force-Push)**

Darth Vader: (Darth Vader Breath) Good. Even better. You've taken your first step towards the dark of the force. The Empire will be pleased. Now, the weapon of an Imperial Agent is a lightsaber. Not as clumsy or random as a blaster, but will cause fear in your opponents.

***** [All Jedi walk on stage as agents attack Lead Sith. Jedi stand in a semicircle around the Sith agents] *****

Lead Jedi: You focus too much on the conflict within you, when I know that you have so much more potential.

Darth Vader: (Darth Vader Breath) I was once a part of your foolish way of life, Jedi. Now I am a true master of the Force.

Lead Jedi: Only a master of evil, Darth. Return to your part of the galaxy, and leave this planet alone. We Jedi protect the innocent at all times and preserve the peace.

Darth Vader: (Darth Vader Breath) If you are not with the Empire, then you are against it!

Lead Jedi: If that is your choice...

***** END OF TRACK 1 *****

***** START OF TRACK 2 *****

Darth Vader: (Darth Vader Breath) I've shown you the power of the dark side, and how weak the Jedi are against the Empire. Join me, and we will bring peace and prosperity to our Empire.

Yoda: **(Mystical, off-stage voice)** So certain of this are you, hmm?

Darth Vader: (Darth Vader Breath) That voice, I have not heard that in...

Yoda: **(Mystical, off-stage voice)** Master Jedi, protect this planet. Strong with the Force it is. Combine your power, and push the Lord Vader away...

Lead Jedi: That's right. YOU are the key! Help us, and PUSH the Lord Vader away!

Darth Vader: (Darth Vader Breath) No, that is impossible. You cannot learn so much so quickly.

Lead Jedi: It's NOT impossible. On the count of three! PUSH Lord Vader away! 1, 2, 3 – PUSH! **(Sound Effect of Small Force-Push)**

One more time, we've almost done it! 1, 2, 3- PUSH! **(Sound Effect of Large Force-Push)**

Darth Vader: (Darth Vader Breath) Ahhhhh! Impressive, MOST impressive.

Lead Jedi: That's right, Lord Vader. You have been defeated by the Jedi, as well as your own "recruits." We suggest you leave this planet.

Darth Vader: (Darth Vader Breath) You don't know the power of the dark side. You have not seen the last of me, JEDI!

***** Vader - Type music for 5 Sic. to allow the Vader to get off stage.
Sound effect of door closing and ship taking off *****

Lead Jedi: Excellent job! Master Yoda was right! This planet is strong in the Force, and it must be protected. Thank you for your assistance. We Jedi will remain on this planet, in case the Empire should ever return. May the Force be with you...

***** Jedi - Type music for 5 Sic. to allow the Jedi to get off stage.*****

Yoda: **(Mystical, off-stage voice)** Hmmm. Fun you had, YESS!! **(Soft Yoda giggle)** Learn something new, have you? Team work. Essential to the way of the Jedi, it is. By coming together you can accomplish anything. May the Force be with you... Always. **(Yoda's last line echoes and fades out)**
